THE BOOK LAUNCH

DENNIS JACKSON A Northamptonshire Archaeologist

At the AGM copies of Dennis's autobiography will be available at the special discount price of £12.00. Cheques (made out to Northamptonshire Archaeological Society) or cash accepted, but please try to offer the correct amount as we will only have a limited supply of change.

The discount offer of £12.00 is also extended to all members who cannot attend the AGM but who have sent in an order form and payment by Friday, 10 December, so that the book can be sent out with the journal to save the Society the extra p&p costs. We cannot guarantee that all orders will be delivered before Christmas. If required before Christmas, either collect at the AGM or directly from Andy Chapman (address at end of newsletter), or add £2.50 to cover postage and packing.

Thereafter, in order to cover production costs, the book will be available to all at £14.50 plus £2.50 p&p. Please see the attached order form for further details.

BRITISH AND IRISH ARCHAEOLOGICAL BIBLIOGRAPHY (BIAB)

Looking for local publications or checking publication references. The new improved web site, hosted by the CBA, has just been launched (www.biab.ac.uk).

SUBSCRIPTION REMINDER

A reminder for those who do not pay by direct debit that subscriptions were due in September, apart from those who joined from this summer onward. The subscription rate has not changed for many years and is being held at the same rate through the recession despite the cost of producing the journal in colour. Membership rates do not cover the cost of the journal production, which is largely subsidised by the payments received from the contributing commercial archaeological contractors. It is fortunate that the Society has a healthy bank balance which permits us this year to publish both the journal and the Dennis Jackson autobiography, but we still need those subscriptions to maintain a healthy society.

£10 individual membership, £12 family membership,
£8 students,
£15 local associations and £25 institutions

Cheques payable to Northamptonshire Archaeological Society

David Neal is a leading figure in the archaeology of Roman Britain. He has excavated widely, including Stanwick Roman villa in Northamptonshire, and is a regular and characteristically enthusiastic guest with *Time Team*. He is perhaps most renowned for his monumental research and co-authorship with Stephen Cosh of the corpus of Romano-British mosaics. A highlight of these volumes, now approaching completion, is David's immensely accurate and detailed painted illustrations. Examples from Northamptonshire include the Bellerophon mosaic from Croughton in the south of the county.

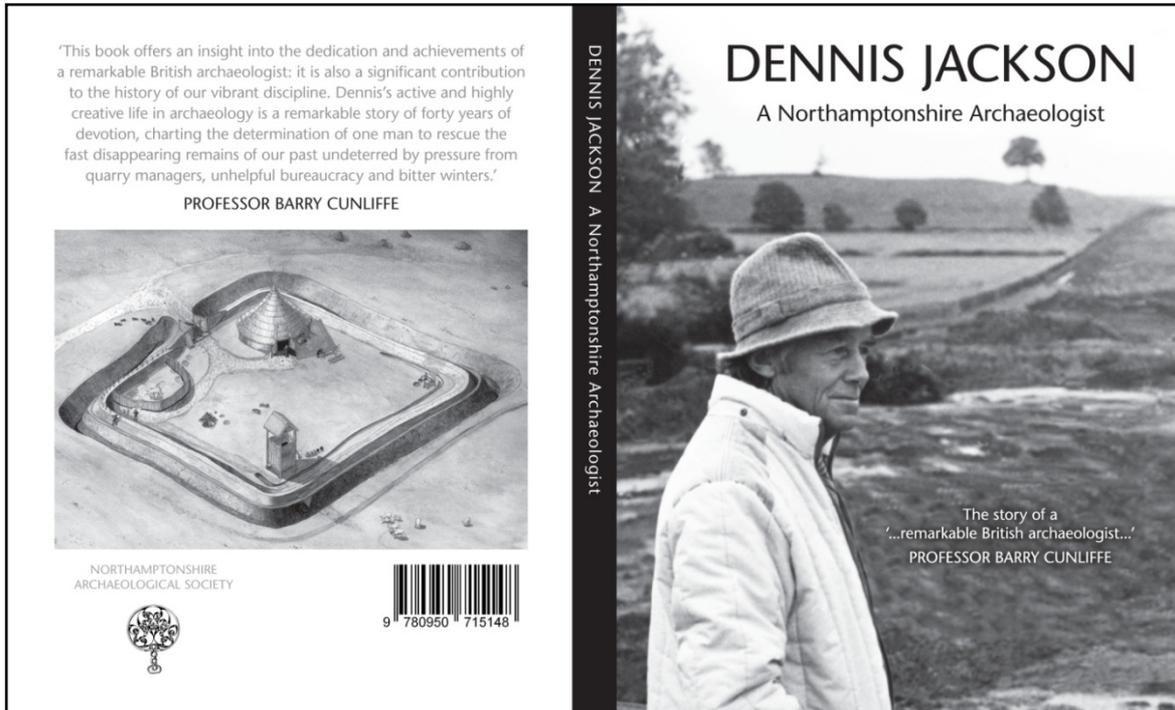

DENNIS JACKSON

A Northamptonshire Archaeologist

'This book offers an insight into the dedication and achievements of a remarkable British archaeologist: It is also a significant contribution to the history of our vibrant discipline. Dennis's active and highly creative life in archaeology is a remarkable story of forty years of devotion, charting the determination of one man to rescue the fast disappearing remains of our past undeterred by pressure from quarry managers, unhelpful bureaucracy and bitter winters.'
Professor Barry Cunliffe
